Property Owner at
RIEMORE DOWNS
TAMBORINE

Date 28.04.11

Dear Sir/ Madame

Re: Quote for SUPPLY and INSTALL

1 x Taylex ABS Home Sewage Treatment System – Chlorine disinfection
(with above ground irrigation)

2 x 31500Lt Concrete INGROUND Rainwater Tanks (with NON Trafficable Lids)

1 x Surface Mounted Water Pump with cover (supply only)
and Trickle Feed and suction lines (fitted)

1 x Wastewater Disposal Report
At Riemore Downs TAMBORINE

Thank you for your enquiry regarding the Taylex Industries range of products.

Included in package

1. Site and soil assessment for disposal of effluent and council approval.
2. Commissioning of Treatment Plant plus 3 ensuing services. (*normally \$240 per annum*)
3. Installation of 50m of standard surface irrigation providing it can be dug in with Kanga Trencher.
4. Delivery of Taylex Tank/s to a prepared excavation area with level access for crane truck.
5. Excavation of hole, preparation of base, backfilling and water to part fill tanks to avoid flotation.
6. Supply surface mounted water pump and cover (*suitable for large lowset our 2 storey home*) plus fit trickle feed set up and suction lines for water tank.

Additional costs that will need to be accounted for:

1. Riser rings extra if required – allow \$1.20 per mm .
2. Sewer, water and electrical connections excluded.
3. Drain from water tank overflow is excluded.
4. Fit out water tank i.e. pump, fittings, testable backflow device etc.
5. Diversion mounds scarification and improvement of soil type when called for by site and soil assessor.
6. Disposal area for effluent needed by way of trenching and/or garden i.e. subsurface.
7. Form 15 signed by Engineer for rainwater tanks (allow additional \$200 if required).
8. Installation will only take place when Plumber has installed drains and/or if client takes responsibility for placement of tanks and irrigation area.

TAYLEX INDUSTRIES

Taylex Industries Pty Ltd
A.B.N. 35 113 453 091

Postal Address:
56 Prairie Road
Ormeau Queensland 4208

Phone: 07 3441 5200
Fax: 07 3287 4199

N.B: This quotation is subject to a wastewater report and a site inspection to ascertain access. Also subject to soil type and may vary due to unforeseen **shale/rock** or high water table. Settlement may occur around tank after initial compaction.

Client to check with local authorities re: underground and overhead services and advise Taylex prior to installation.

Excess dirt to remain on site unless otherwise discussed.

Yours sincerely

Glenda Hoskins
